I just counted last year's attendees: 64. That's a big group!

Lynda,

Do you know what the average TAC attendance headcount is?

Thanks,

Marc

Hi Tony,

Don't think I heard back about this. And something additional has come up with a potential conflict for the room we wanted.

Rather than change the date....

...does ARC have access to any rooms in Carson city that could be reserved to accommodate us on Jan 26th?

Lynda

Hello Tony/Marc,

Is it possible that you could provide and coordinate the tea/coffee/drinks/snacks for the public meeting tentatively planned for Jan 26th?

Toni,

Thank you for your quick reply and willingness to help us find a meeting location. For now, we are looking at January 26th as the probably meeting date. The large conference room at the Carson City Sheriff's Department has worked so well in the past. I expect just as many participants (if not more).

Let me reach out to Lynda regarding other entities providing snacks. We do really appreciate the CWSD providing snacks the past few years. And, it makes sense to be asking elsewhere! ☺

Hi, Yolanda!

It's good to hear from you again! I am happy to help you find a meeting location once you determine a date in January. However, when I first started making meeting room and meal arrangements for Kevin Mayer, EPA paid for the meals. Now that EPA is no longer carrying the expense, it seems reasonable for this to be rotated among partners year to year. Since CWSD has provided snacks for the past several years, do you think you can find another partner to provide snacks this year? Thanks!

I look forward to working with you again...

Toni Leffler

Hello, Toni!

It's that time of year again. The time of year where we try to schedule the Annual Technical Updates meeting for the Leviathan Mine Superfund site. Over the years, the Carson Water Subconservancy District (CWSD) has been a wonderful partner, helping us find a room and providing snacks for the meeting. I am reaching out to see if you are willing to help out for our 2017 meeting.

We are polling participants for appropriate dates. But, it will likely be in late January.

Appreciatively,

Yolanda Anita Sanchez, MS, MPA
